Oklahoma State Regents for Higher Education FY2017 Educational and General Budget Part I - SRA3 Background Data Schedule VI - Institutional Response to the FY2017 Budget Request

Northwestern Oklahoma State University

Comments:

Northwestern Oklahoma State University's budget bridges together the needs of students, faculty, and staff in light of significantly decreasing state resources. Fourteen full-time positions have been eliminated from the budget when comparing back to the FY16 budget. Even with this reduction in workforce, every effort has been made to limit the impact to students and the quality of instruction and services provided. This challenge has not been easy as staff and administration have been forced to take on additional responsibilities and duties. Cuts have been made to some operating budgets and to travel impacting professional development opportunities.

Northwestern was able to fund the faculty salary schedule providing for the year of experience increase, increase in rank, and educational levels. Additional resources were also budgeted for student scholarships. Budgeted enhancement fee revenue and technology services revenue has again been allocated to help fund academic needs with capital requests.

On a positive note, the FY17 budget debuts the beginning of the Doctor of Nursing Practice program. The budget reflects the addition of three new positions (director, faculty and support staff) to begin the rigorous development of the curriculum and policies and procedures for this academic program. This new academic program is completely funded through private resources. Classes are scheduled to begin during the fall of 2017. During the upcoming fiscal year, Northwestern will continue to deliver a quality education to the student population.

Note: Schedule VI-A provides specific budget actions taken to develop the FY2017 budget request. This schedule allows the President or Vice President to provide additional narrative about the impact of this budget request.
