## Oklahoma State Regents for Higher Education FY2020 Educational and General Budget Part I - SRA3 Background Data Schedule VI - Institutional Response to the FY2020 Budget Request

#### Northwestern Oklahoma State University

#### **Comments:**

Northwestern Oklahoma State University's budget bridges the needs of students, faculty, and staff in light of a small state funding increase. As in past years, during FY19 staff positions were analyzed as openings occurred. Four non-exempt staff positions were eliminated from the FY20 budget. The savings from these positions were re-allocated to other university priorities. One new faculty position was added for FY20 in the Fine Arts area. This is possible due in part to endowed chairs that were established for this purpose. Because of an increase in state funding, Northwestern was able to adjust up the faculty schedule base by \$750. For FY20, in addition to the increase in the faculty base, Northwestern was able to fund the faculty salary schedule providing for the year of experience increase, increase in rank, and educational levels. This resulted in calculated raise+A1s for faculty that averaged 3.91%. No staff raises were budgeted for FY20.

One of Northwestern's strategic goals is to upgrade the administrative computer system on campus and to simplify processes while at the same time providing greater efficiency to faculty, staff, and students. By combining efforts with two other regional universities, initial cost savings were realized as well as shared and reduced implementation costs and collaborative training opportunities. FY19 saw significant infrastructure implementation and training of staff on the new system. The FY20 year will start with fiscal, financial aid, registry and admissions all working and processing within Ellucian Colleague, the new ERP system. Human resources will migrate to the new system in January. Due to early planning and saving, no long-term borrowing was required to fund this implementation.

In Northwestern's FY20 budget, additional resources were included for scholarships. Budgeted enhancement fee revenue and technology services revenue has again been allocated to help fund academic needs with capital requests.

Northwestern is excited to welcome its third class of Doctor of Nursing Practice (DNP) students this fall. This new program was added in FY18 funded entirely from private sources through permanently endowed funds. Also noteworthy is the fact that Northwestern concluded its capital campaign, launched publicly in May of 2017, exceeding the goal of \$28 million to help fund scholarships and campus projects.
