"As a senior in high school, Northwestern was always on the top of my list, but I ultimately chose a private university in the OKC area that I thought would be a better fit for me, provide me with more opportunities, and overall, satisfy my wants and needs better than Northwestern could. Boy, was I wrong! Since making the transfer to Northwestern, my college experience, both in the classroom and in the community, have been astronomically more fulfilling and satisfying to what I imagined college to be."

"Ranger family to me means real family. Being heavily involved in the fine arts department, I have not only received one-on-one instruction in all my classes, but I have been able to establish lasting connections with my professors that I will cherish the rest of my life. Since becoming Miss Northwestern, my love for the Ranger community has been overflowing. The Ranger family truly cares and breeds success because of the lasting connections that are made here at Northwestern."

"Northwestern has blessed me and granted me with so many opportunities to grow as a leader through track and field, working on campus, being a part of clubs and organizations, along with the BCM! Northwestern helps students daily to grow independently and strive to become leaders! Being a Ranger means you learn today, to lead tomorrow!"

Hunter McMillin, Sylvia, KS, Undecided

"At Northwestern, I have succeeded in my physical health and well-being at the J.R Holder Wellness Center. In addition, I have been given the opportunity to excel in my academics, with the help of scholarships that I have received from this great institution. With this, I am able to continue to grow and build a legacy."

Desmond Bible, Sapulpa, OK

A Note from Our President

"Northwestern Oklahoma State University is a place that welcomes everyone. We want you to become a Ranger and see the great opportunities that are waiting for you. As a Northwestern alum myself, the experiences at Northwestern have provided me insight to fulfilling my career goals, as well as giving me friends and connections that will last a lifetime. We offer small class sizes, which allow you to create relationships with professors and others in your classes, many student organizations with a very active Student Government Association, along with plenty of athletic events, concerts and plays to support.

We are excited about your interest in Northwestern and can't wait to have you on campus. You are welcome to schedule a campus tour and learn about how Northwestern can become your home."

"I would recommend Northwestern to anybody. I went to Alva, got a master's at UCO, went and got my doctorate at OSU. The best education I got was at Alva, Oklahoma."

**Dr. Dudley Darrow
Bachelor of Science in Education 2001;
Member 1999 NAIA National Champion Football team;
Current Superintendent at Enid Public Schools**

"Seniors, think about these things: Where can I afford to go? Where will I be able to explore different career paths and majors? When I decide on a major, which universities will offer ways to put classroom knowledge into practice? Where will professors take the time to know me and help me? Where can I be around students who have strong morals, values and love for others? Where will I find the kind of people I want to learn from and be friends with for the rest of my life? When I was a senior, I probably didn't think this intensely about picking a college, but my time at Northwestern proved to me that Northwestern is the answer to every one of these questions."

Blackwell, OK, Employed Longview (TX) News-Journal**
